

# WHAT MAKES A RESILIENT AND RESPONSIVE HEALTH SYSTEM?

Satellite Session: Tuesday 15 November at 13:30-17:00, Vancouver, Canada

## JOIN RESYST RESEARCH PROGRAMME CONSORTIUM TO DISCUSS & DEBATE

01

How can purchasing promote improved quality, efficiency and equity in the delivery of health care?

02

How can countries increase tax revenue to fund Universal Health Coverage?

03

What is everyday health system resilience and how might it be nurtured?

04

What are the implications of gender and dual practitioner-manager roles for health leadership development?

05

How do we train, support and retain resilient nurses in underserved areas?

06

What is the contribution of private training institutions on nurse production and availability in rural areas?
